

<http://www.childrensmrc.org/> **Do you have asthma?**

Children's Memorial Researchers are seeking

HISPANIC/LATINO VOLUNTEERS

For a single 60 minute visit

- This is a study of the genetic causes of Asthma in Hispanics/Latino's
- By knowing which genes are responsible for Asthma will help doctors better understand the causes of Asthma
- In the future this information will help others that suffer from Asthma.
- We will provide monetary compensation for all that qualify and complete this study.
- This study involves an interview about your respiratory health, giving a sample of blood, a breathing test (spirometry), and an allergy skin test. This study will take only one hour of your time.
- **CONFIDENTIAL:** Both clinical and genetic information will be confidential.

To participate you must:

- Be 8-18 years of age
- Have a diagnosis of Asthma
- Complete a health questionnaire
 - Receive an allergy skin test
 - Give a blood sample
